Staff Reports:

- **Auditor’s Report:**
  
  December 31, 2010 Cash Balance is $1,022,855.19.

  Total revenue for December was $129,242.03 and expenditures were $143,072.34. This netted an excess of expenditures over revenues in the amount of $13,830.31; year-to-date netting $209,471.80 revenue over expenditures.

  Overall year-to-date total revenue was 76.9% of annual budget and expenditures were 75.9%. Property Revenue (lease income) and Property Expenses were 96% and 91.2% of the annual budget.

  Commissioner Bolstad commended Monica and Randy on another excellent report. It was noted that the Port has been operating “in the black” for at least the past five years. Commissioner Bolstad reiterated his support for using district tax income on infrastructure investments, while paying operating expenses from lease income. He requested re-caps on the construction of the Teitzel Building and the Grading and Utility Improvements project at Cascades Business Park and an update of the performance indicator graphs (with 2010 financials).

Unfinished Business/Manager’s Report:

1. **Tenants Update:**

   *Galaxy Manufacturing*—Continuing to discuss expansion plans.

   *Slingshot Sports*—Will expand into Teitzel Building Suite C/D starting February 1st and will begin manufacturing activities by late February. It is anticipated that Slingshot will hire 11 additional employees.

   *Insitu*—Tenant Insitu is requesting Port assistance to upgrade the exterior lighting at the River Point and Tichenor buildings. The Commission determined the Port should ask the City of Stevenson for street lights to be installed as needed along Cascade Avenue in front of the Tichenor and River Point buildings to improve safety. Commissioner Bolstad and Ken concurred the Port should arrange a meeting including the City, Sheriffs, Port tenants, and neighbors located at the east end of Cascade Avenue to discuss safety issues affecting these properties. John noted that checking for burned out light bulbs and keeping a supply of replacement bulbs on-hand is now part of our safety checklist for all Port buildings.

2. **Cascades Business Park:** Beacon Rock State Park is asking for excess boulders from the site to reinforce the falling river banks of Woodard Creek. The Commission concluded we should enter into an interlocal agreement with BRSP to receive the boulders they need at no cost; the agreement should include requirements to repair the grass and road disturbed by the removal activities. The Port will modify a previous agreement with BRSP developed in 2005.

   Karl will be maintaining this site according to the NPDES permit.
3. **Teitzel Building:** The Occupancy Permit was issued yesterday for Suites C/D. Tenant Slingshot installed a compressed air system and will be applying epoxy to the concrete floor. The EDC’s Red Carpet Team will be meeting to plan a Welcome Reception.

4. **Wind River Business Park:** John, Kevin, Randy, and Scott Pino (Skamania County Facilities), and newly elected Skamania County Commissioner Bob Anderson met to discuss the management of WRBP. John, Ken, and Randy will meet tomorrow to draft a Memorandum of Understanding for management of WRBP, to be forwarded to the County when drafted and presented at the next Port Commission meeting.

5. **Port By-Laws/Delegation of Authority:** John presented a version of the by-laws in which all amendments from the past are now incorporated into a single document. Ken, John, and Julie made suggestions for updating our by-laws. John discussed the history of the by-laws and how it affects the way the Commission delegates authority to the manager. The Commission directed John to compare our by-laws to those of ports in the state of Washington and to recommend additional updates if warranted.

Currently there are many amendments of the Commission’s Delegation of Authority for the Executive Director that need to be consolidated and updated after the by-laws are updated.

6. **Audio/Visual for Conference Room:** It was decided this system should be set up and operating by our March 8, 2011 meeting.

**New Business:**

1. **Port Facebook Page:** Commissioner Waters is supportive of having a Port of Skamania Facebook page. He noted benefits: helping constituents see where their district tax dollars are going (assets, jobs through tenant businesses, parks/grounds; ease in keeping information current; ease of getting out news and information, etc.). Ken pointed to records retention issues and controlling content. A Facebook Policy would need to be approved before going forward. It was decided to get examples of Facebook policies from other ports and keep discussing this at future meetings.

2. **WPPA (Washington Public Ports Association) Trustee:** WPPA has a Board of Trustees comprising a member from each port. Previous Commissioner Judy Teitzel was the Port of Skamania County’s Trustee. The Board meets twice yearly at the Annual Meeting and the Spring Meeting. Commissioner Waters volunteered to be the Trustee.

   **---MOTION---** Commissioner Truitt moved to appoint Commissioner Waters to the WPPA Board of Trustees. Commissioner Bolstad stepped down and seconded; the motion carried.

3. **Workshops:** The Commission discussed having workshops to set policies and focus on details of major projects such as the Comprehensive Plan. April was tentatively set as a month to have a workshop on the Comprehensive Plan.
Executive Session: Chairman Bolstad called for an Executive Session from 5:28 pm to 5:43 pm for 15 minutes per RCW 42.30.110 (c) To consider the minimum price at which real estate will be offered for sale or lease when public knowledge regarding such consideration would cause a likelihood of decreased price. However, final action selling or leasing public property shall be taken in a meeting open to the public.

No decisions were made.

Adjournment: The Chairperson adjourned the meeting at 5:48 pm.

Next Meeting: The next regularly scheduled meeting of the Board of Port Commissioners is February 8, 2011, 3:00 pm, at the Port office conference room: 212 SW Cascade Avenue, Stevenson, Washington.
