Carl Hopple wanted to let the Commission know that he is available if anyone has any questions of him regarding his interest in moving forward at Wind River Business Park, working around Wind River Biomass’s plans; still seeking options, talking with a community college now. Bill Fosburg said they’ve done research with the Department of Ecology that shows it is possible, according to RCW 90.44.050, to solve the water issues surrounding development. Auditor’s Report: presented by Monica Masco

September 30, 2014 Cash Balance was $1,291,903.46.

Total revenue for September was $124,149.01 and expenditures were $57,888.02; netting excess revenue over expenditures in the amount of $66,260.99; year to date excess expenditures over revenue $28,846.13.

Overall year-to-date total revenue is 25.7% of annual budget and expenditures are 23.7%.

Other note: Without project revenue (grants and loans) the revenue is 77% of budget at September’s month end ~ $870,934 actual vs. $1,135,163 budget. Without project expenses the expenses are 75% of budget ~ $823,186 vs. $1,096,813.

2015 Budget Review: Randy presented a preliminary 2015 budget, which the Commission reviewed entirely. It was confirmed that the Port 2014 revenues will slightly overrun $1 million, meaning monthly salaries for commissioners will remain. Commissioner Waters requested that the improvements to the Beacon Rock Golf Course watering system project be a high priority for 2015.

Unfinished Business/Director’s Report: Presented by John McSherry

1. Tenants update: John is meeting this week with tenant in arrears in lease payments; Ken noted he will be asking the Commission at our next meeting for authority to evict. Gorge Delights has a new manager. LDB Beverage is reviewing a lease for a portion of the River Point building. We continue to show the River Point and Tichenor buildings to prospective tenants. Commissioner Collins requested that John check in with tenant Silver Star Cabinets to see if the Port can help with their growth.

2. River Point Building Roof Replacement: A 15-year lien on the River Point building property will be filed for the USEDA to ensure uses are appropriate with the contract language.

3. Cascade Avenue Improvements: John will pose the question if use of hotel/motel funds would be appropriate for this project to improve the bus staging area for the tour boats; it was noted the bus drivers stay overnight in Stevenson hotels. It would
also be a good project fit for .09 Tax Funds.

New Business: None.

Executive Session: Commissioner Waters called for an Executive Session from 5:30 pm to 6:00 pm for 30 minutes per RCW 42.30.110(c) To consider the minimum price at which real estate will be offered for sale or lease when public knowledge regarding such consideration would cause a likelihood of decreased price. However, subject to RCW 42.30.140(4), discussion by a governing body of salaries, wages, and other conditions of employment to be generally applied within the agency shall occur in a meeting open to the public, and when a governing body elects to take final action hiring, setting the salary of an individual employee or class of employees, or discharging or disciplining an employee, that action shall be taken in a meeting open to the public.
