**Unfinished Business/Director’s Report:** Presented by John McSherry

1. **Tenant’s update:** Doug is building a partition wall in the Discovery Building to accommodate **Art of Action**’s lease space. There was discussion about ownership of the benches and t-box markers at Beacon Rock Golf Course (**BRGC**); John is working out a solution to ownership of these items.

2. **Wavebreak:** no update; John will report at next meeting and the Commission can decide to keep it on the agenda or not.

3. **Old Saloon:** John continues to work with interested parties in order of precedence; he has discussed the property with a few new interested parties.

4. **Wind River Business Park (WRBP):** We are completing our Executive Order 0505 review with the Washington State Department of Archaeology and Historic Preservation (DAHP). We sent notification to the tribes with the archaeologist’s report for the **test water well** drilling and wastewater treatment system installation projects. The drilling contractor, M-K Drilling, has submitted the Intent to Drill a Well to the Department of Ecology (DOE). John met with the Field Office Director, Iloha Odum, of DOE’s Vancouver field office at the Port office last week—the Director was conducting a public outreach.

5. **Cascades Business Park:** The contractor Crestline has remobilized to the site. They are installing a french drain system along the northeast edge of Coyote Ridge to address drainage of subsurface water that could impact the stability of the road base. The Port contracted with Gail Collins to provide site inspection. John has been in contact with the Corps of Engineers for working on the right-of-way. John presented a schedule for the completion of the remaining work.

6. **Stevenson Waterfront Enhancement:** John is updating our cost estimates for this project. He is also working on obtaining a stockpile of Hamilton Creek river rock
from the buyer of Skamania County’s industrial property on Evergreen Drive in North Bonneville; his thought is to move the rocks and stockpile them on waterfront area near 126 SW Cascade Avenue (“little brown house”) or on the Cascades Business Park site. Our JARPA expires in 2017.

New Business: None.
